## 1 Installing the DESSIN ESS tool

1. Download MIKE OPERATIONS from this [link](#). Downloading the software requires setting up a free account with DHI, and running the software requires a 64-bit Windows system.
2. Unzip the downloaded folder and run setup.exe.
3. The installer will set up the following two programs on your computer:
  - DHI License Manager
  - DHI MIKE OPERATIONS

Accept all of the default settings and license agreement requests.

4. Request a free license and activate the license.
  - a) Send an email to [ndr@dhigroup.com](mailto:ndr@dhigroup.com) requesting a free MIKE OPERATIONS license.
  - b) After you receive a login and password from DHI, open DHI License Management.

- c) Select Internet License Server from the left-hand tree view, and then enter your user name and password in the fields shown on the Server tab. Click Connect.

- d) The list of available licenses should be the same as above. Click OK.
5. Follow the instructions in the documentation ([link](#)) to get started.
