## OFFICIAL WEBSITE LAUNCH

### D41.2: OFFICIAL WEBSITE LAUNCH

#### SUMMARY

These days the internet is one of the most powerful communication vehicles and one of the main sources for information. The DESSIN project now has its own project-specific website domain under **www.dessin-project.eu**.

The DESSIN website is going to serve as a main interface for the principal outlet of informational products. Structured into the categories 'Home', 'About DESSIN', 'News', 'Results and Downloads' and 'Contact' the website gives an overview of the project, it's objectives and goals, it's expected outcomes and much more. All project deliverables, but also other information products such as the DESSIN magazine, press releases, articles etc. are going to be published on the website.

The blog-section of the website will provide constantly updated information about the demonstration sites, the progress of the project and the impact of the implementation of solutions developed. Additionally, the blog is going to be used for announcements of meetings, conferences, workshops etc. which, all in all, will turn the project website into a comprehensive source of information and motivation.

DESSIN also is to find at the usual networking sites now: Twitter, Facebook and LinkedIn.
